

VACCINES AND IMMUNISATION OF FARM ANIMALS ENTSTOWWE EN IMMUNISERING VAN PLAASDIERE

This complete guide written by Dr Jan du Preez and Dr Faffa Malan gives a clear breakdown of all the livestock diseases that occur in South Africa, together with indispensable advice on the recognition and treatment of and immunisation against these diseases. The book covers cattle, sheep and goat, equine, pig and poultry diseases. Each section is accompanied by an immunisation programme that refers to a list of vaccines that is also included in the book. The book is well-illustrated and all chapters include full-colour photographs that illustrate the various disease symptoms and bacteria involved. This highly sought-after publication is available from The MPO (Institute for Dairy Technology) in English or Afrikaans.

Hierdie publikasie soos geskryf deur Dr Jan du Preez en Dr Faffa Malan verskaf 'n volledige handleiding oor al die verskillende dieresiektes wat deur inenting in Suid Afrika voorkom kan word. Dit verskaf ook professionele advies vir die identifisering, voorkoming en beheer teen hierdie siektes. Vrektes by plaasdiere in Suid Afrika wat veroorsaak word deur besmetlike siektes veroorsaak jaarliks miljoene rand se verliese. Die boek behandel alle relevante siektes rakende beeste, skape, bokke, perde, varke en pluimvee. Elke afdeling bevat 'n volledige immunisering program insluitende 'n lys van inentings wat gebruik kan word. Die boek sluit in vol kleur fotos wat verskillende en siekte simptome asook siekteveroorakende bakterieë en virusse. Die boek is verkrygbaar by die MPO (Instituut vir Suiweltegnologie) in Afrikaans of Engels.
